

**At The Calgary Dance Club,
dancing is simply the excuse.
The real magic is the friendships,
conversations, and shared moments
that happen along the way.**

**Whether you come on your own or
with a friend, you'll be welcomed into a
warm, supportive community where
everyone is there for the same reason:
to have fun and connect with great
people.**

**Dance nights bring people together
naturally, helping you stay socially
active, build meaningful connections,
and create memories that make every
week a little brighter.**

**Come for the dancing
Stay for the friendships**

**Join The Calgary Dance Club today and
discover just how much fun meeting
new people can be.**
